Enhance Care and Drive Operational Efficiencies

nxtgen care

A Revolution in Seniors Care

Data analytics verified by evidence based best practice. Use the incredible power of Nxtgen Care to build a community of care connecting families, residents, front line staff and management.

COVID-19
Infection Prevention and Control. Real time contact tracing, and physical distance monitoring.

Care Scorecard™
Evidence-based care verified across your entire organization with cutting edge data analytics.

M-Factor™
Measure & monitor resident health and well-being, keeping staff and families well informed.

Proven Outcomes

Operators of senior care communities are using Nxtgen Care to achieve positive care outcomes.

↓66% STAFF-TO-RESIDENT RESPONSE TIME

↓25% EMERGENCY TRANSFERS

↑32% RESIDENT ENGAGEMENTS

↓63% INBOUND FAMILY CALLS

↓12% OVERALL OPERATING EXPENSES

Light powered, room sensors work in tandem with social bracelets worn by staff and residents to provide a backbone of real-time data.

Live Positions
Customized to the floor plan of each facility, at all times, monitor the locations of residents and staff, taking precise action when required.

Check-Ins
Real time location data powers care insights on every staff to resident and resident to resident interaction.

Activities
Upload your facility activity schedules and monitor real-time insights from physical activity, meals and scheduled events.

Alerts
From a mobile app, staff work smarter in real time, claiming a variety of alert types and workflow items to enhance care.

LIBERTY Senior Living

"Since we first launched Nxtgen Care, our residents are getting better quality care because of the accountability the platform provides. Our Nxtgen Care Scorecard has become a primary tool for our team, so much so that we'd be lost without it."

Cindy Stancil VP Operations, Liberty Senior Living Management

Request a Product Demo

Nxtgen Care CEO, David Burke will provide a platform overview and a demo of our innovative, **NEW** COVID-19 Feature Suite. Complete a brief request form today!
